

PUBBLICAZIONI
DI
LAURA R.M. SCRIMALI

Cappello G.M., Colajanni G., Daniele P., Galluccio L., Grasso C., Schembra G., Scrimali L. (2022) Optimizing FANET Lifetime for 5G Network Slice Provisioning, presentato alla rivista IEEE Transactions on Network and Service Management.

Fargetta G., Maugeri A., Scrimali L. (2022) A Stochastic Nash equilibrium problem for medical supply competition, presentato alla rivista Journal of Optimization Theory and Applications.

Fargetta G., Scrimali L. (2022) A multi-stage integer linear programming problem for personnel and patient scheduling for a therapy centre, accettato per la conferenza ICORES 2022.

Fargetta G., Scrimali L. (2021) Closed-Loop Supply Chain Network Equilibrium with online second-hand trading, accettato per la pubblicazione su Optimization in Artificial Intelligence and Data Sciences - ODS2021.

Fargetta G., Scrimali L. (2021) A two-stage variational inequality for medical supply in emergency management. In: Cerulli R., Dell'Amico M., Guerriero F., Pacciarelli D., Sforza A. (eds.), Optimization and Decision Science 2020, AIRO Springer Series.

Daniele P., Naselli O., Scrimali L. (2021), An optimization model for the evacuation time in the presence of risk. In: Cerulli R., Dell'Amico M., Guerriero F., Pacciarelli D., Sforza A. (eds.), Optimization and Decision Science 2020, AIRO Springer Series.

Fargetta G., Scrimali L. (2021) Optimal emergency evacuation with uncertainty. In: Parasidis I.N., Providas E., Rassias Th.M. (eds.) Mathematical Analysis in Interdisciplinary Research, Springer.

Fargetta G., Scrimali L. (2021) Generalized Nash equilibrium and dynamics of popularity of online contents, Optimization Letters, 15(5), 1691-1709.

Crespi C., Fargetta G., Pavone M., Scollo R.A., Scrimali L. (2020) A Game Theory Approach for Crowd Evacuation Modelling, Lecture Notes in Computer Science (including subseries Lecture Notes in Artificial Intelligence and Lecture Notes in Bioinformatics), 2020, 12438 LNCS, pp. 228–239.

Scrimali L., Fargetta G. (2020) A game theory model of online content competition. In: Paolucci, M., Sciomachen, A., Uberti, P. (eds.), Advances in Optimization and Decision Science for Society, Services and Enterprises, AIRO Springer Series Vol. 3, pp. 173-184.

Scrimali L. (2019) On the stability of coalitions in supply chain networks via generalized complementarity conditions. NETWORKS AND SPATIAL ECONOMICS, ISSN: 1566-113X, doi: <https://doi.org/10.1007/s1106-7-019-09461-w>.

Maugeri A., Scrimali L. (2019) Variational methods for emerging real-life and environmental conservation problems. In Rassias T.M., Andrica T. (eds.) Differential and

Integral Inequalities, Springer Optimization and Its Applications Vol. 151, Springer Nature Switzerland AG, p. 725-759.

Scrimali L. (2018). Coalitional games in evolutionary supply chain networks. In: Daniele P., Scrimali L. (eds) New Trends in Emerging Complex Real Life Problems. AIRO Springer Series, vol 1. Springer, Cham, p. 463-471.

Daniele P., Scrimali L. (2018). Strong Nash equilibria for cybersecurity investments with nonlinear budget constraints. In: Daniele P., Scrimali L. (eds) New Trends in Emerging Complex Real Life Problems. AIRO Springer Series, vol 1. Springer, Cham, p. 199-207

Mirabella C., Scrimali L. (2018). Cooperation in pollution control problems via evolutionary variational inequalities. JOURNAL OF GLOBAL OPTIMIZATION, vol. 70, p.455-476.

Maugeri A., Scrimali L. (2016). A new approach to solve convex infinite-dimensional bilevel problems: application to the pollution emission price problem. JOURNAL OF OPTIMIZATION THEORY AND APPLICATIONS, vol. 169, p. 370-387, DOI: 10.1007/s10957-016-0894-1.

Scrimali L. (2014). Evolutionary quasi-variational inequalities and the dynamic multiclass network equilibrium problem. NUMERICAL FUNCTIONAL ANALYSIS AND OPTIMIZATION, vol. 35, p. 1225-1244, ISSN: 0163-0563, DOI: 10.1080/01630563.2014.895764.

Scrimali L. (2012). Infinite dimensional duality theory applied to investment strategies in environmental policy. JOURNAL OF OPTIMIZATION THEORY AND APPLICATIONS, vol. 154, p. 258-277, ISSN: 0022-3239, DOI: 10.1007/s10957-012-9995-7.

Falsaperla P., Raciti F., Scrimali L. (2012). A variational inequality model of the spatial price network problem with uncertain data. OPTIMIZATION AND ENGINEERING, vol. 13, p. 417-434, ISSN: 1389-4420, DOI: 10.1007/s11081-011-9158-y.

Scrimali L. (2012). An inverse variational inequality approach to the evolutionary spatial price equilibrium problem. OPTIMIZATION AND ENGINEERING, vol. 13, p. 375-387, ISSN: 1389-4420, DOI: 10.1007/s11081-011-9152-4.

Scrimali L. (2012). Pollution control quasi-equilibrium problems with joint implementation of environmental projects. APPLIED MATHEMATICS LETTERS, vol. 25, p. 385-392, ISSN: 0893-9659.

Nesterov Yu., Scrimali L. (2011). Solving strongly monotone variational and quasi-variational inequalities. DISCRETE AND CONTINUOUS DYNAMICAL SYSTEMS, vol. 31, p. 1383-1396, ISSN: 1078-0947.

Donato M.B., Milasi M., Scrimali L. (2011). Walrasian Equilibrium Problem with Memory Term. JOURNAL OF OPTIMIZATION THEORY AND APPLICATIONS, vol. 151, p. 64-80, ISSN: 0022-3239, DOI: 10.1007/s10957-011-9862-y.

Scrimali L. (2010). A variational inequality formulation of the environmental pollution control problem. OPTIMIZATION LETTERS, vol. 4, p. 259-274, ISSN: 1862-4472, DOI: 10.1007/s11590-009-0165-2.

Scrimali L. (2009). Mixed behavior network equilibria and quasi-variational inequalities. *JOURNAL OF INDUSTRIAL AND MANAGEMENT OPTIMIZATION*, vol. 5, p. 363-379, ISSN: 1547-5816.

Maugeri A., Scrimali L. (2009). Global Lipschitz continuity of solutions to parameterized variational inequalities. *BOLLETTINO DELLA UNIONE MATEMATICA ITALIANA*, vol. 2 (1), p. 45-69, ISSN: 1972-6724.

Scrimali L. (2008). The financial equilibrium problem with implicit budget constraints. *CENTRAL EUROPEAN JOURNAL OF OPERATIONS RESEARCH*, vol. 16 (2), p. 191-203, ISSN: 1435-246.

Ait Mansour M., Scrimali L. (2008). Hölder continuity of solutions to elastic traffic network models. *JOURNAL OF GLOBAL OPTIMIZATION*, vol. 40, p. 175-184, ISSN: 0925-5001, DOI: 10.1007/s10898-007-9190-9.

Scrimali L. (2008). A solution differentiability result for evolutionary quasi-variational inequalities. *JOURNAL OF GLOBAL OPTIMIZATION*, vol. 40, p. 417-425, ISSN: 0925-5001.

Scrimali L. (2005). Quasi-variational inequalities applied to retarded equilibria in time-dependent traffic problems. In: IN F. GIANNESI A. MAUGERI EDS., *NONCONVEX OPTIMIZATION AND ITS APPLICATIONS. Variational Analysis and Applications*. vol. 79, p. 1007-1023, NEW YORK:Springer, ISBN: 0-387-24209-0.

Adly S., Ait Mansour M., Scrimali L. (2005). Sensitivity analysis of solutions to a class of quasi-variational inequalities. *BOLLETTINO DELL'UNIONE MATEMATICA ITALIANA. B*, vol. 8 (8), p. 767-771, ISSN: 0392-4041.

Scrimali L. (2004). Variational inequality and optimal equilibrium distributions in transportation networks. *MATHEMATICAL INEQUALITIES & APPLICATIONS*, vol. 7 (3), p. 439-451, ISSN: 1331-4343.

Scrimali L. (2004). Quasi-variational inequalities in transportation networks. *MATHEMATICAL MODELS AND METHODS IN APPLIED SCIENCES*, vol. 14 (10), p. 1541-1560, ISSN: 0218-2025.

Raciti F., Scrimali L. (2004). Time-dependent variational inequalities and applications to equilibrium problems. *JOURNAL OF GLOBAL OPTIMIZATION*, vol. 28 (4), p. 387-400, ISSN: 0925-5001.

Scrimali L. (2003). Transportation networks with capacity constraints. In: IN P. DANIELE F. GIANNESI A. MAUGERI EDS., *NONCONVEX OPTIMIZATION AND ITS APPLICATIONS. Equilibrium Problems and Variational Models*. vol. 68, p. 433-445, NORWELL: Kluwer Academic Publishers, ISBN: 1-4020-7470-0.

Variational Inequalities, Nash Equilibrium Problems and Applications (2019) Daniele P., Giuffrè S., Scrimali L. (eds.). Special Issue of the NETWORKS AND SPATIAL ECONOMICS.

New trends in Emerging Complex Real Life Problems, Optimization and Decision Science AIRO Springer Series (2018), vol 1. Springer, Cham. Daniele P. e Scrimali L. (eds.).

Variational Inequalities, Nash Equilibrium Problems and Applications (2018) Battiato S., Daniele P., Farinella G.M., Giuffrè S. e Scrimali L. (eds.). Special Issue of the JOURNAL OF GLOBAL OPTIMIZATION, vol. 70.
